German super-submarine Deutschland just as she started on her dash to sea.

MUNITIONS MAKERS
OPEN LEGAL BATTLE
WITH JERSEY CITY

Are Suing for Right to Ship
High Explosives Through
City. Has Big Contract with
Russia.

(By Review Leased Wire.)
TRENTON, N. J., Aug. 8.—Jersey City's embargo on shipments and storage of high explosives was attacked in the federal court today by the agency of the Canadian Car and Foundry company, Limited, in a suit to restrain the Jersey City commission from interfering with the Delaware, Lackawanna and Western Railroad company accepting munitions at its piers.

Federal Judge Relstab will hear arguments on the application for a preliminary injunction at Belmar, next Thursday.

Action of Jersey City authorities in compelling the railroads to unload a car of explosives shipped by the Canadian company from Kingsland, N. J., is the basis for the court action today. The proceedings are directed against the five city commissioners of Jersey City.

Under a contract with the Russian government the munition factory is obliged to deliver daily 750,000 partly loaded shrapnel and high explosive shells at Gravesend Bay during August. The contract is for \$13,000,000 and provides a penalty of one per cent for every week's delay in delivery. Over \$7,000,000 of the contract has been completed and the company has been held up in shipments by the Jersey City officials as the outcome of the recent explosion at Black Tom Island.

Specimens of unfinished shrapnel and high explosive shells will be exhibited to the court on Thursday to demonstrate the impossibility of a premature explosion. The munition company says it has been shipping for months, hundreds of carloads of munitions without the slightest sign of accident or injury to life or property.

The complaint charges that there is no New Jersey statute to prohibit the shipments and that the rulings of the interstate commerce commission legalize such shipments.

The suit will act as a test case for the other railroads.

Munitions, under Jersey City's ban,

which the company ships, are steel, shells, cartridge cases, black powder, trinitrotoluol, unfinished shrapnel, high explosive shells and ammunition for cannon.

"MOTHER" JONES
SPEAKS AT LABOR
MEETING AT TUCSON

Von Kleinsmid, Arizona University Head, Also Addresses Delegates. "Times" Fund Raised.

TUCSON, Ariz., Aug. 8.—The convention of the Arizona state federation of labor in session here today listened to an address by "Mother" Jones, the militant feminist labor leader, and Dr. Rufus Bernhard von Kleinsmid, president of the University of Arizona, speaking from the same platform, the educator following "Mother" Jones.

Following a plea by Olaf Tveitmo, San Francisco labor leader, the convention voted \$500 for the defense of Schmidt and Caplan, alleged murderers of 21 employees of the Los Angeles Times' explosion in 1910.

A discussion of resolutions that have been offered is the order of business for tomorrow.

13 DIE IN N. Y. OF
EPIDEMIC IN DAY.

ALBANY, N. Y., Aug. 7.—Thirteen deaths from infantile paralysis and sixty additional cases were reported to the state department of health from various parts of the state, not including the City of New York, during the 24 hours ending at 5 p. m. today. These figures exceeded all previous records, both as to deaths and new cases. There have been 700 cases and 71 deaths since the inception of the disease.

Just the Thing for Diarrhoea.
"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.

COUNTRY'S CROPS FALL
OFF MANY MILLIONS

WASHINGTON, Aug. 8.—Falling off in crop prospects amounting to many millions of dollars loss to farmers of the country, were indicated today in the department of agriculture August report which forecast declines in indicated production in almost every important crop from the forecast of July. With a loss of 150,000,000 corn, 99,000,000 oats, 43,000,000 bushels barley 11,000,000 there were decreases in even rye, white and sweet potatoes, fixed apples and peaches. A heavy reduction of the industrial production of cotton previously had been reported.

Corn, the nation's greatest crop, is in a serious condition from drought and if rain does not come soon the yield will be smaller than the forecast announced today, which was 2,777,000,000 bushels.

TEXAS PROHIBITIONISTS
HEADED BY LEWIS.

DALLAS, Aug. 8.—At the Prohibition party state convention here today the Rev. H. W. Lewis of Dallas was nominated for governor, Dr. J. R. Richardson of Seymour for lieutenant governor and E. H. Conibear of Dallas for United States senator. P. E. Paige of Dallas was named state chairman.

SUDDEN RALLY ON
FOR NAVAL BILL

(Continued from page 1)

acted on in the House tomorrow. A favorable vote is expected before adjournment tomorrow night, after which the measure will go to the President. If expectations of administration leaders are borne out, the naval bill will follow it to the President's desk within two weeks at most and national defense legislation undertaken as the salient feature of the sixty fourth Congress will have been included with appropriations to carry it into effect.

LIE HURLED AT
HUGHES SPEECH

(Continued From Page 1)

communicated this information to Secretary Redfield who expressed surprise and regret. Dr. Tittman's action was entirely voluntary and was not the result of any request or suggestion of the department, direct or indirect.

More Than Stockbreeders.
"You refer to E. Lester Jones, his successor, as a stockbreeder and veterinary surgeon. At one time he had a farm in Virginia on which he

raised stock. This was sold some time before he entered the government service. He never was a veterinary surgeon. He is a gentleman of education and refinement. Before his appointment to succeed Dr. Tittman he was deputy commissioner of fisheries, another bureau of this department, and displayed administrative talent of such high order that he was deemed by both the secretary and myself worthy of recommendation for appointment to fill the vacancy in the coast and geodetic survey.

In our judgment this bureau was well equipped from the scientific standpoint but stood in great need of a man of executive ability to organize its work.

"With all two months elapsed between the resignation of Dr. Tittman and the appointment of Mr. Jones. During that interval and before the recommendation was made, suggestions and advice were freely sought from parties who know the qualifications of Mr. Jones, and also for his ability to discharge his new duties. Since the appointment of Mr. Jones the survey work an all other work of the bureau have been developed with marked vigor and success.

Hughes Again in Error.
"As to your statement regarding the civil service, you are equally mis-

informed. During the year to which you refer the number of appointments in the coast and geodetic survey have been far short of 104. The actual number is 50, of which 38 appointments were made with the approval of the civil service commission. The remaining 12 were for temporary positions, chiefly of laborers, at salaries of less than three dollars per day. None of them are under the civil service law as it stands now and as it stood for years.

Now Tell the Truth.
"Will you please give to this statement the same currency that you gave to the statement you made at Detroit."
